

ENRICH TIME

INTRODUCING PRIVA

TIME is the most important gift life offers. At PRIVA, we understand how valuable each second is to our clients, and we strive to enhance their experiences through our services. Keeping clients connected, bringing entertainment, helping create memories, so they can make the most of their time, at all times.

MTN is now PRIVA by Global Eagle, carrying over the heritage, experience, and innovation for which the company has been known. The new name and service offerings are aligned with what we are bringing now and in the future: connectivity and entertainment solutions at **sea, on land, and in the air.**

TEAM

The ever expanding PRIVA team continues to grow around the world, as a matter of fact, we tripled in size since last year.

Remaining a boutique style company inside a big corporation, we scout seasoned professionals that are trained and apt to deliver white glove service and act as trusted advisors to our VIP clients.

We also count on a network of **PRIVA Partners** located in all corners of the globe, certified to assist our clients if the need arises.

“

Our philosophy is all about making others successful; empowering employees to be successful creates a great workplace, inspiring them to make clients successful creates a great company.

”

Ole Kristian Sivertsen
Senior Vice President, Maritime

GLOBAL INFRASTRUCTURE

As part of Global Eagle, PRIVA has an industry leading platform and infrastructure for entertaining, informing and connecting people at sea, in the air, or at remote land locations. Global Eagle connects more than **a billion travelers**, serves more than 900 aircraft and 900 maritime vessels globally. It also distributes over 10,000 terabytes of content.

SERVICE OFFERINGS

PRIVA by Global Eagle provides services that allow clients to enrich every moment they spend away from home. The PRIVA suite of products and services include:

Connectivity: Whether it's global VSAT coverage, Wi-Fi, 3G/4G, or any other, PRIVA will set up a hybrid system and customize a solution that is efficient and cost effective, tailored to each client's individual needs.

Content: Global Eagle maintains an extensive catalogue of entertainment, games, movies, TV shows, private subscriptions, and live television channels, all available through a convenient multimedia portal that can be customized for each client.

Network Management: Our products allow you to view all communications activities at a glance, manage all networks from multiple providers, allocate and prioritize bandwidth, monitor real-time traffic, etc. All from the convenience of an iPad application.

Bandwidth Optimization: An integrated end-to-end protocol automatically provides acceleration, traffic shaping, and smart data caching to maximize performance and optimize bandwidth by up to 40%. The result? A faster, smoother browsing experience for the end user.

Flat panel antenna solution: A proven and exclusive solution engineered for the maritime and aero market, patented and ready to be customized, delivering the most efficient performance in the industry today.

CLIENT SUPPORT

We understand the extreme pressure captains and crew are constantly under. When owners and guests are onboard, everything has to be beyond perfect and every second matters when it comes to their internet and entertainment. That's why we launched **PRIVA Technical Concierge Centers** - to provide crew, staff, and Partners a dedicated 24/7/365 hotline for immediate access to specialized support from the best trained experts in the industry.

1,500+ employees

50+ offices on 6 continents
